of the Fend. HARTFORD, Conn., Feb. 20.—The finding of a large fragment of the boiler late Monday afternoon settled a doubt entertained at first as to whether the explosion in the Park Central hotel was from the boiler or a formation of gas in the basement. se tan For a Treat Louisville & Nashville Rattropa. CINCINNATI, Feb. 20.-Last Friday night, at a point five miles north of Walton, Ky., an attempt was made, it is declared, to wreck train No. 2, on the Louisville & Nashville railroad, which was taking to Washington, by way of this city, an express car laden with a quarter of a million sliver dollars from the New Orleans mint. That the attempt was unsuccessful was due to the fact

that the train was rushing ahead at the rate of sixty miles an hour, Ties were placed on the track and firmly braced, so that had the train been running at ordinary speed, the engine would have left the track. As it was, however, the obstrucwent on without a jar, and many of the 260 persons on it were in ignorance of the at-tempt until the train was stopped. Despite a earcful search, no trace of the wreckers could be found, and the train continued to the city thirty minutes late. An attempt to keep the affair quiet was unavailing.

Bedell, of the Protestant Episcopal diocese of Ohio, at Nice, France, from a stroke of paralysis. Three diocese conventions have been held to choose an assistant bishop, who will eventually succeed him, but none of the divines elected would accept the position. Should the bishop die soon the Episcopalian church in Northern Ohio will be left without a head.

Houses Blown Down-Several People Killed-Rivers Flooded.

BIRMINGHAM, Ala., Feb. 20,-The lower end of Shelby county was swept by a terrible cyclone early Monday morning. The scene of the disaster is remote from railroads and only meager reports have been received. It is known, however, that many houses were blown down, a number of people killed and proceeded toward the yillage, the natives before them, into the bish. The yillage was burned to the ground. The Collapsed "Sky Scraper." CHICAGO, Feb. 20.—The commissioner of uildings examined the damaged Owens building at the corner of Adams and Dearborn streets Monday morning. This gave way Sunday, and by its weight carried the floors
